Department of Commerce (Professional Accounting)

About the Department

The **Department of Commerce with Professional Accounting**, established in **2023**, was founded with the vision of promoting **professional education at the undergraduate level** and preparing students for excellence in the field of commerce and accounting. The department offers a **three-year full-time B.Com. (Professional Accounting)** programme that provides students with a strong academic foundation and professional orientation in the areas of **accounting, taxation, auditing, finance, and business laws**. The programme is designed to bridge the gap between **traditional commerce education** and **professional accounting qualifications**.

VISION

- To create accounting and finance professionals as in any other fields and makes them to become leaders in the accounting profession.

MISSION

- To offer intensive coaching in the fields of accounts, finance and taxation with the help of qualified and experienced auditors.
- To enable the students to pursue their CA course simultaneously with B.Com (PA).
- To send the students to the office of qualified and experienced auditors to get on the job training.

Department Highlights

Curriculum Development

The **Board of Studies** meets every year to update the curriculum in accordance with the changing needs of society and the expansion of knowledge. Student views and suggestions are considered while revising the syllabus to ensure academic relevance and practical applicability.

Course & Faculty Evaluation

Periodic evaluation of courses and faculty performance is carried out through student feedback. The feedback analysis is communicated to the faculty members for appropriate academic improvement and effective teaching practices.

Internship Training

A **15-day internship programme** is designed for final-year students. The internship provides domain expertise in the areas of **Auditing, Audit Assurance, Taxation Practices and Banking**.

Soft Skill Development

Soft skill training programs are conducted to enhance communication, personality development, teamwork, and **design thinking** among students.

Programme Highlights

The curriculum is carefully structured to provide students with both **theoretical knowledge** and **practical understanding** of professional accounting concepts within a business environment. A wide range of subjects is offered throughout the programme in line with the standards of the **Institute of Chartered Accountants of India (ICAI)**, enabling students to build a strong base for professional success.

The programme focuses on developing:

- **Accounting and Financial Reporting Skills**
- **Taxation and Auditing Knowledge**
- **Analytical and Decision-Making Ability**
- **Professional Competence and Business Awareness**
- **Career Readiness for Commerce and Finance Sectors**

Professional Focus

B.Com. (Professional Accounting) is a **specialized and career-oriented programme** designed especially for students who aspire to become **Chartered Accountants** and other finance professionals. The course has been introduced with the objective of encouraging and motivating students to **pursue the CA course simultaneously with their undergraduate degree.**

By integrating academic learning with professional training, the department helps students acquire **advanced subject knowledge**, sharpen their **professional skills**, and prepare for **competitive and career-oriented opportunities** in the accounting and finance domain.

Our Commitment

The Department of Commerce with Professional Accounting is committed to nurturing **competent, confident, and professionally skilled graduates** who are capable of meeting the evolving demands of the corporate and professional world.

Career Opportunities

The programme opens up diverse career pathways in areas such as:

- **Accounting**
- **Auditing**
- **Taxation**
- **Banking and Finance**
- **Corporate Consultancy**
- **Financial Services**
- **Entrepreneurship**

Academic Distinction

The department emphasizes experiential learning by providing students with practical exposure to the **filing of Income Tax and GST returns**. Through hands-on training sessions and guided exercises, students gain proficiency in preparing and submitting returns such as **ITR, GSTR-1, and GSTR-3B** using official e-filing platforms. The practical classes are conducted by **professional auditors**, enabling students to gain real-time insights into industry practices and standards.

This practice-oriented approach enhances their understanding of taxation procedures, statutory compliance, and documentation requirements. It also develops accuracy, analytical ability, and professional competence.

Description of our Department logo

- The logo of the Department of Commerce (Professional Accounting) is a powerful representation of our core values and the principles that drive our academic and professional journey. Each element in the logo carries deep significance, symbolizing the foundation of commerce and accounting.
- The five stars represent the essential qualities every commerce professional must possess:

Determination – The drive to achieve excellence.

Dedication – Commitment to continuous learning and growth.

Discipline – The foundation for success in the financial world.

Diversity – Adaptability in an ever-changing global economy.

Direction – A clear path toward career and academic success.

- The two creepers symbolize assets and liabilities, emphasizing the principle of maintaining an equal balance a fundamental concept in accounting.
- The two outer stars represent debit and credit, the backbone of financial transactions and bookkeeping.
- The pen is a symbol of knowledge and intelligence, signifying the power of learning and documentation in the world of commerce.
- The book represents wisdom, reminding us that education is the key to understanding and mastering financial principles.
- The golden page signifies the golden rules of accounting, which form the basis of every financial transaction and reporting system.
- The three words highlights
 - Precise** - Accurate in accounting knowledge and professional learning.
 - Proven** - Committed to quality education and effective academic practices.
 - Proficient** - Skilled and career-ready in commerce and professional accounting.
- Lastly, the cap represents academic success, inspiring students to strive for excellence in both education and professional endeavors.
- This logo is not just a design - it is a reflection of our department's vision, our commitment to academic excellence, and our pursuit of professional success. It serves as a constant reminder of our core values and aspirations, guiding us toward a bright future in the world of commerce and accounting.

Precise Proven Proficient
